Dear Vickie and Jimmy,

We received the tape last week and always enjoy listening to the things you do and the delicious food you eat. It is too bad you missed out on getting to see Jimmy, but it will be fun going along with Vickie.

It sounds as tho Sandi will also be visiting you in London. She is very excited about it and plans to fly stand-by.

The deal on the cabin is scheduled to become final this week and I will go to Exumclaw when Jack calls to sign the final papers. Jack sent home with Dad the copies for Aunt Stella to sign as she left this morning for the week in Reno with Harold and two other couples.

Wednesday Dad and Harold and I went up to the cabin in our station wagon and took out the things we wanted so it looks

very grim up there. I wouldn't want to be paying 20 thousand for it.

I like the game you sent Deane for Christmas and I keep it here as we play it when Deane is over. She stays over night on Fridays and this week Mary is busy every day except Tuesday so I am going to get a permanent then.

I like studying the map of London you sent. I am glad you checked where your flat and office are. It is hard to believe I will be there in one month. I hope it won't be too hectic for you with Sandi and Dick there, but I will help all I can, and they are very excited about seeing you.

A cat has adopted our front porch so Dad is going to take it ~~to~~ to the humane shelter in the morning.

Love,

Mom
